IV. Old Business

V. New Business

A. Overall Work Program Presentation – Vision Zero Action Plan

The Vision Zero Action Plan, a roadmap for eliminating traffic-related deaths and serious injuries on Oahu, was funded in the Overall Work Program FY2020. The plan examines existing conditions including high injury locations, describes the community engagement process, outlines goals and actions, and establishes and prioritizes Vision Zero projects. The Department of Transportation Services will present the study outcomes.

Click here for the report: https://oahumpo.org/?wpfb_dl=3351

Requested Action: Recommend the Policy Board approve the report as evidence that the work was carried out, submit documentation of the work completed to the USDOT for approval, and incorporate study findings into the metropolitan transportation planning process.

B. Overall Work Program FY2026-2027 Regional Planning Priorities

Federal regulations require that MPOs include a discussion of regional planning priorities in their planning work programs. Per OahuMPO's 2022 certification review, the Policy Board should be involved early in the identification and approval of these priorities. OahuMPO staff will present proposed regional planning priorities for the OWP FY2026-2027 for feedback and discussion in advance of a presentation to the Policy Board at their next meeting.

C. Vision Zero Mobile Workshop

OahuMPO Policy Board vice-chair Val Okimoto and Executive Director Mark Garrity attended the Hawaii Vision Zero Mobile Workshop in New York City and Northern Europe, from June 1-11. They were able to visit and experience locations that have successfully reduced transportation related fatalities and serious injuries, and they met with leaders and project managers that made it possible. Executive Director Mark Garrity will provide a summary of the mobile workshop, lessons learned, and next steps.

VI. Invitation to interested members of the public to be heard on matters not included on the agenda
