Aloha Mike and Chris,

I tried to make a general comment on the public review, but the online system was not accepting my comment.

Overall plan looks great. This may be hard to do, but looking at your number 1 goal under Figure 3-1 "Transportation Facilities" it would be beneficial to see how the listed projects align with this fundamental goal. What comes to mind is how can OMPO prioritize some of the pedestrian and bicycle facilities based on lack of existing connectivity.

Otherwise, hats off to all the hard work that you folks have done.
